Our Service For You ...

We perform analyses of helium isotopes and tritium of your samples !

Dept.
Oceanography

<u>prices</u>	<u>sample container</u>	<u>net prices incl. all attendant expences</u>	<u>time need</u>
noble gas isotopes	Sampling containers will be provided by us.	300 €	6 months
tritium	We need approx. 1 liter of water filled in plastic or glass bottles.	300 €	9 months

For sets of more than 10 samples staged price reductions are available.

last change:
2017

We have open capacities and like to inspire you to contact us, if you are interested.

Please, also take a look at our "terms of use" document that provides you with further information:

 "Terms of Use" of the "helis - helium isotopes studies Bremen" laboratory (presently only available in German)

Additionally, we offer consulting and training for taking samples as well as provision of sample containers. If desired, our helis staff will take the samples. Important information on sampling are provided here:
